

## Councillor Ronny Davison

My name is Veronica Davison (Ronny to my friends) and this is my first term representing my community on Sunderland City Council. My predecessor Bryan Charlton encouraged me to stand following his decision to retire and I am proud to also have the full support my new colleagues Paul and Richard.

It is important to feel that you can make a difference for the people you represent and fight for what is right. People deserve a decent life, their children a decent school. My work in the community already includes regular meetings with Gentoo and the Police to help combat crime and the problem of youth disturbances.

While working at Littlewoods I was a union representative involved in supporting and negotiating on behalf of GMB members. My years of being an active trade unionist, I believe, have also given me the tools to be in a position to fight for our community.

Having spent most of my life in our community I have a real personal interest in fighting for improvements to the environment in which you and I both live. Through holding regular surgeries throughout our community I will always be accessible to those who require help and assistance.

I am currently Scrutiny Lead Member for Responsive Services and Customer Care as well as a member of the Area Committee.

Many Thanks

*Ronny*
